### **Written Testimony**

Honolulu Waldorf School is very interested in preserving Kanewai Spring as an incredible natural resource, the last of its kind in East Oahu, for our children to learn what this region was once like. We have had many many children and teachers spend years cleaning, preserving, and restoring the area around the spring and are so pleased that some of the native species have begun to come back to this unique habitat. This is a prime educational resource for our community. Please keep this valuable spring as a resource for our children and grandchildren. If not now, when? where? Mahalo.
